

# TAKE A COURSE

## A Message from our Provincial Co-ordinator

Maybe this is the year for you to join a community school in your area! Would you like to get involved? Would you like to learn a new skill? The registration fees for the whole ten weeks usually range between \$10- \$20 and that price includes your coffee break as well. Where could you get a better deal than this? Please call a number provided for more information!

All our instructors and committee members volunteer their time and without them we would have no program to present to you. We are so proud and appreciative of our volunteers. Maybe you would like to volunteer and help out with a community school near you. Please call a number provided for more information!

Maybe you have a skill that you would be willing to share with others. We are always looking for new courses and new instructors. Please get involved by calling one of the numbers provided for more information! We need you!

Maybe you would be interested in starting a community school in your community! We, at the provincial level, would be happy to talk to you about starting up a program in your area. Some communities hold community school at their seniors' home, or villa or manor. These programs can be held morning, afternoon or evening – whatever would suit your area. There are so many possibilities that could be tried. We need your creative ideas as we want

to continue to build community school into a bigger and even better organization on PEI. Please call one of the numbers provided for more information!

**Location:** Central Queens Elementary  
**PLEASE NOTE:** We have just completed our fall session of Community School. We will not be meeting again until September 2016. For further particulars please call the above number or watch the website at [www.peicommunityschools.com](http://www.peicommunityschools.com). Fall courses will be posted on the web by early September. A flyer will probably also be mailed to your area in early September. We are always interested in getting new courses for our school. We know there are many of you out there who have wonderful skills to offer. We do not always know who you are or what skills you possess so please contact us and offer to teach a class next fall. The best thing about Community School is that you do not have to be a professional to teach a class at one of our schools. All you need to be is willing to share what you know with others who are interested in the same thing. We would love to hear from you. Please do not delay in calling us as it is never too early to start planning for our next session. We wish all the winter schools great success with your winter program and we will see you at the workshop in the spring.
